

# ENVIRONMENTAL, HEALTH & SAFETY ENGINEER

## **POSITION DESCRIPTION:**

Ensure EH&S compliance with Company and regulatory agency requirements at all corporate locations. Maintain ISO 14001 status at multiple locations.

## **POSITION RESPONSIBILITIES:**

- Ensure compliance at all WNC locations with applicable EH&S Federal, State and Local regulations and standards.
- Submitting reports as required by state-issued air permits including Title V and minor source operating permits.
- Submitting annual reports such as Tier II, and SARA 313 Toxic Release Inventory, and annual hazardous waste reports.
- Maintain ISO 14001 registration.
- Ensure EH&S training is conducted and followed by all contractors.
- Measure corporate EH&S performance and report to applicable stakeholders.
- Keep abreast of pending regulatory developments and potential impact to operations.
- Oversee industrial waste water treatment system to ensure compliance with industrial user permit.
- Provide annual required safety training to newly hired associates, existing hourly employees and supervisors.
- Manage environmental EH&S inspection and audit activities.
- Conduct accident investigations with supervisors.

## **REQUIRED SKILLS AND EXPERIENCE:**

- Bachelor of Science degree required, engineering or related field.
- Three (3) to five (5) years of relevant experience preferably in a manufacturing environment.

- Working knowledge of EPA regulations including RCRA.
- Experience with environmental management system/ISO 14001 preferred.
- Must be detail-oriented and self-motivated with superior time management ability.
- Excellent interpersonal skills with the ability to interface with all levels within the organization as well as external vendors. Mature, professional attitude.
- Excellent organizational skills with a strong ability to multi-task in a fast-paced environment.
- Associate training and development.
